

26th-27th November 2007, Thessaloniki, Greece.

The United Nations Economic and Social Commission for Western Asia (UN-ESCWA) is holding a workshop in Thessaloniki, Greece from 1-2 November 2007 to discuss issues concerning the use, content and maintenance of the database on shared aquifers in the MEDA region under preparation by UNESCO INWEB. This database will be similar to that already completed for the Balkans and available on this website, which uses Google Earth technology. The workshop is organised within the context of the inter-regional project on "Capacity building for the sustainable utilisation, management and protection of internationally shared groundwater in the Mediterannean region."
